

NOW in South Africa!

Buy Your OWN **Business Dealership** In A
Market Sector So **HUGE**, When Hardcore
Businessman Saw It, They Were **SHOCKED!**

**Some people even said this should be illegal...BUT it is
NOT!**

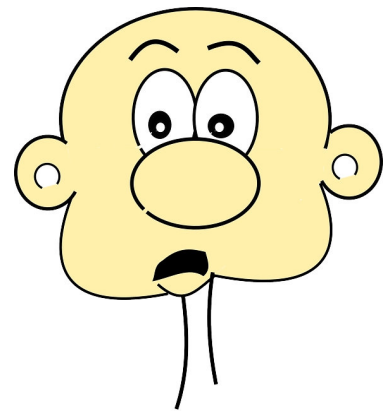

For more than 2 years, 4 months and 18 days we worked to develop a money-making dealership with a marketing system attached to it, so unbelievable, it shocked everyone who looked at it! Even hardcore businessmen and women!

In the earlier days, while we were busy with it they said...

*"It Was Impossible To Implement A System And Make Money With
Only A Yellow Page Directory, A Few Letters & A Cell Phone..."*

*...But We Proved Them All
DEAD WRONG And Earned*

*R7 650 In The First Week And R88 611 In Our
Second Last Month!"*

To tell you the truth, I was a little p*ss off back then...

But maybe in the end it was all for the better because it gave me a chance to PROVE that this business system

can work for everyone.

It doesn't matter who you are, where you stay or what your experience, education, or background is.

TODAY I want to show YOU the **Why and the **How**
so that YOU can do it too!**

All you have to do now is read this letter!

Let me get to the point immediately!

I will be honest with you. In the beginning I got it totally wrong.

I didn't realised that this DEALERSHIP (The one I want to give to you in a minute) is in such a HUGE market. It is much bigger than I thought originally, and certainly big enough for all of us. THAT is why you get this letter from me today!

In beginning I started small - but then, one day, everything just “exploded”!

I hope you have a strong stomach for this...

In a few minutes you're going to read something you wish you had known years before. Because if you had, you would have been a millionaire a long time ago!

Hello, my name is Frank Tucker, CEO of Turner & Tucker.

Maybe you have read about me or about my company in the media recently. Or maybe you have read some of the articles explaining why we offer entrepreneurs new opportunities to buy a business of their own at a fraction of the cost than what it would have cost to build one from scratch.

But that is not really important right now. This is!

I recently teamed up with the South-African Chamber of Entrepreneurs (**SACE**), and a few other organisations here in South Africa to give you a business unparalleled to anything you have ever seen before.

The Next 10 Minutes Is Important!

It will take you about ten minutes to read the rest of this message. Please - I ask you to invest this time in yourself, I promise you, I will not waste it.

SkyAir is a joint venture project. It involves a few organisations willing to help YOU to buy an independent Dealership to help YOU make money. SACE took the initiative to do the rollout.

In Short:- **SkyAir** and it's partners build and sell amazing **Mobile Business Card Sites** to local business owners. In a moment, I will explain to you exactly what this means.

Today you can buy your own independent **SkyAir** Dealership and as part of your Dealership, you also get a fully equipped **e-Commerce** website to market & manage everything for you.

This website will be registered in your own name, it will be 100% live and active when you get it, and it will be ready to make money for you by selling these brilliant **SkyAir Mobile Business Card Sites**.

The Ultimate Business Card For ANY Business & Freelance Consultants!

You Can Start Your OWN Consultant Business today with SkyAir Mobile Business Cards!

Timing Is EVERY Thing...

Your timing is excellent.

The market is ABSOLUTELY ripe for the picking. The money is sitting on the table, ready to be paid to you. This is especially true for all of us here at the Southern Tip of Africa.

I don't have space and time here to explain everything in detail, but I can promise you that this opportunity is VERY HOT and the size of this market is mind-boggling.

I know that in the past, many companies and individuals in South Africa tried to penetrate this market. Many tried to break the *code* and "*crack it open*" but most of them failed.

Obviously there is more than one good reason why they failed - and you will learn more about that later - but for now - I will share just one of those reasons with you.

A true **Mobile Business Card Site** is, and should always be, a very special type of website. It looks and works on a mobile device like nothing you have ever seen BUT it needs to do more!

Let me try and explain it...

It is like the old fashioned *Business Cards* that everyone used, including professional lawyers, accountants, stockbrokers, doctors, etc. but with one BIG difference.

A **SkyAir Mobile Business Card Sites** is 1000 times better!

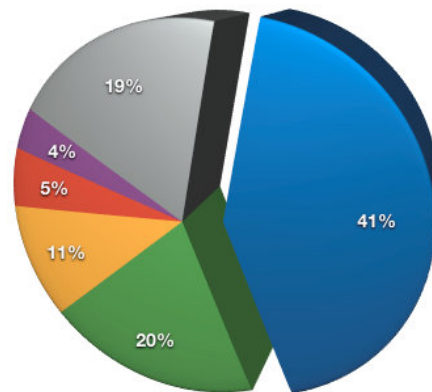

SkyAir Mobile Business Card Sites will not only increase the awareness of a business, BUT also help the professional to *BRAND* his business in a way never before available. But it will also open the pathway to the professional to an entire new world of ONLINE consumers in an easy and cost effective way.

Think about it for a second - isn't THAT what all business owners want?

Until now, professional business owners who knew they needed a *Digital Business Card* had to settle for stupid little websites that were never properly designed and that never worked properly.

They were designed on old technology; they were not very powerful, and ridiculously over-priced. The worst is, in some cases they did more harm to the professionals' image than any good.

No wonder this market stayed untapped for nearly a decade. With such bad reviews and experiences nobody could "*crack it open*".

Until NOW!

SkyAir has changed everything forever! It is now YOUR turn to cash in on this amazing market and get your share of this multi-billion Rand industry.

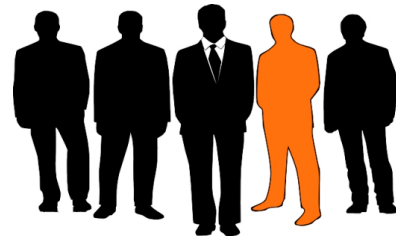

Your own **SkyAir** Dealership AND your own **e-Commerce** website is the key to success.

But before I move on, there is more...

If you have been involved in *sales* for a while, or in running any business for that matter, you will have learned that products do not sell themselves. In many cases it may look like they do, but believe me, nothing in this world sells itself.

It NEVER happens - without a tested and proven distributing, marketing and sales system, anyone trying it is *dead in the water*.

That is why DEALERSHIPS are so important and why OWNERS of dealerships get paid so much money for running them!

Today **YOU** are about to make a fortune with your **OWN Dealership.**

You will be able to do this easily because your **SkyAir** Dealership comes with your own fully developed **e-Commerce** website. It was designed with our very special marketing systems built into it to ENSURE you can take as many orders for **SkyAir Mobile Business Card Sites** as you want daily, weekly, or monthly!

Basically all you will have to do is use your new **e-Commerce** website, the software system that was created to “drive” it, and send out the letters we will provide to you.

Obviously, your first step will be to do a few tests, learn the system, and then monitor to see what works best for your local area and target market.

All that you have to do next is to check your emails, your orders, and your bank account for new payments.

Step 3 is to make sure all the paperwork is done properly and then you submit the documents to the **SkyAir** developers. [This is done at **Sky5.co.za**]

The developers will build and finalise your new client’s **Mobile Business Card Site** within a few days.

Leaving you time to enjoy your new income stream!

How will YOUR e-Commerce site work?

It works brilliantly!

You can look at the DEMO of the e-Commerce site that you will receive at the URL below.

<http://demo.skyair.co.za>

Everything is explained on the above demo site. Study the detail and you will see: -

- **What your dealership will sell.** (You will sell **SkyAir** Mobile Business Card Sites)
- **What you will do after every sale and payment.** (You will complete all the paperwork and then submit it (electronically) to the **SkyAir** Developers at **Sky5.co.za**)
- **What you will do after delivery.** (You will check if everything is as per your and your client's orders and inform them that their sites were delivered)

That Is All You Will Have To Do...

..**BUT** I know you have a **BIG Question!**

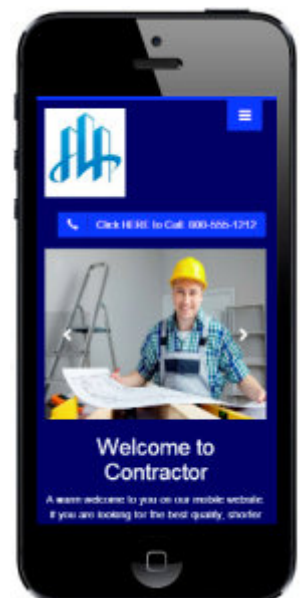

How much money can you make with your dealership?

Well, this is a very profitable dealership, but in the end, it is up to you.

We do know that a typical dealership, who is run by someone on a part-time basis, three days a week, and who has learned the ropes to understand the system, can easily do two or three sites a day!

That is a “cool” **R7 650** p/w for a 3-day week!

Let me explain...

You will EARN R850 for EACH order and for doing the PAPERWORK to help the DEVELOPERS TO DELIVER the sites as per YOUR orders.

But here is the most important part.

- You will work for yourself, totally independent, being your own boss.
- You will not have to deal with any technical website issues.
- You will not need to know anything about web development or web-code.
- You will not have to build websites or manage any websites for your clients.

But It Gets Better!

To complete the paperwork is easy.

All you have to do is make sure that your buyer has completed the “place an order” form on your e-Commerce site and then submit the request to **Sky5**.

This is also done electronically; you don't have to travel to, or visit, any head office.

You can run this business from anywhere in the country.

Once you have completed all the documents, your job is basically done. You can sit back, relax, and enjoy your free time!

After delivery, all you have to do is to check if everything is as per your orders.

And It Get Even Better!

Your dealership **e-Commerce** site, (the one that will take orders for you) is already equipped with a **PayPal** payment platform.

This is GREAT because it means that you will be able to take orders online, 24/7. It also means that you will get PAID in full, up front, directly into your **PayPal** account, before you do a single dime of work.

Nothing can be easier! You will need a **PayPal** account for this, but don't worry; to open one is easy and it is free.

If you like, you can visit **PayPal.com** right now to open an account (it will take you about 10 minutes) or you can visit your nearest FNB branch and they will help you with it.

To recap then:

Businesses and business professionals will pay you directly for their **SkyAir Mobile Business Card Site** orders.

They will pay you either directly in cash, cheque, electronic fund transfer OR, as we will recommend, by using your secure **PayPal** Payment Platform on your **e-Commerce** site.

PayPal payments are a win-win for all parties because;

1. It will give your clients peace of mind to know that they are using one of the most secure payment systems in the world AND
2. For you it is a smart move because their payments will reflect in your own **PayPal** account immediately before you start doing any paperwork.

From this point, (only once you are happy with their payment), it will be your responsibility to get all the paperwork done and submit the orders to the **SkyAir** developers at **Sky5.co.za**.

It will take the developers about 10-15 days to fill an order - but it is usually sooner.

How to calculation your profit?

You will receive **R850** for every standard **SkyAir Mobile Business Card Site** your clients order.

As you have already seen on **demo.skyair.co.za**, a standard **SkyAir Mobile Business Card Site** sells for **R1650**.

Thus, if you get 9 orders a week, which is, by the way, very easy with our systems, you will earn R7 650 for the week or keep it up and you will earn R30 600 a month.

[R850 x 5 = R7650] OR [R7650 x 4 weeks = R30 600]

What is your next step?

Obviously you want to know how much this is going to cost you.

Let me tell you – you are going to love this!

But first, you need to understand that a premium dealership similar to this - one **WITH** a fully developed business system - a brilliant e-commerce website **WITH** an already developed payment platform to take orders; already hosted and live to earn you money immediately is expensive.

It could easily cost between R70 000 to R90 000. In fact, just an average e-commerce website these days can cost you more than that!

But relax, this is not what you will have to pay today. Far from it!

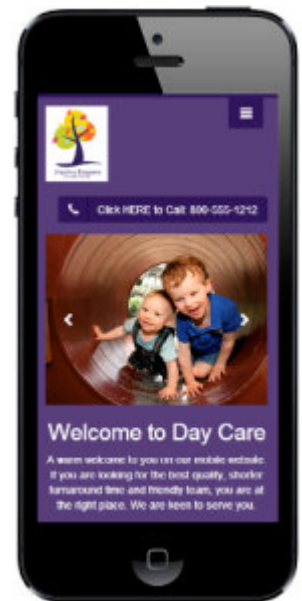

As you know, this is a joint venture project with the South Africa Chamber of Entrepreneurs (**SACE**). It has very clear and definite goals to help ordinary people to become entrepreneurs and to help entrepreneurs to become better businessmen and women, to earn more money.

SACE is currently subsidising this project and for a very limited time you can get your **SkyAir** dealership AND **e-commerce** website at a deeply discounted price.

For a limited time only we are going to issue licences for these **SkyAir**

Dealerships and **e-Commerce** sites at **R4550 FOR BOTH**. The only other fee is a very small R85 p/month 3rd party hosting fee to keep your e-commerce site live 24/7.

This is the bargain of the century...

But It Gets BETTER!

This is the **FIRST** time we open this offer to the public and we truly want to help you get you own dealership immediately so that you can make money with it. To help you we negotiated a further discount of **10%** to say **Thank You** for taking up this offer. Your discount certificate is attached to this letter.

This EXTRA 10% Discount means that for only R3915 YOU get: -

- Your own Independent Business , **with**
- An already developed business system, **with**
- A super-smart, high income **SkyAir** dealership licence, **together with**
- A fully designed **e-Commerce** website, **with**
- An fully operational International PayPal Payment platform,
- To take orders 24/7 – all with the goal **to make YOU money!**

Wow! I bet you did not expect that!

One last thing before I close this letter...

Do you realise that soon you are going to be the CEO of your own business? You will be the *owner* of your own future, the leader of your own sales team (if you like), and your own client base.

We will *teach you everything* you need to know about this business.

We will *teach you the secrets* of the *most advanced and amazing marketing system* in 100 years. We will show you the online playground of the rich, and we will show you how to manage your new **e-Commerce** website so that YOU can soon join them.

I can guarantee you this: Soon you will run a business and a dealership you can be proud of.

You will do it in such a smart way that business CEOs will admire you for your knowledge, your independence, and for being in control of your own destiny.

And yes, obviously, you are going to make a lot of money. If you understand this, we are on the same page.

But if you think, after you have read this letter, that this is a job offer and that you are going to work for me and earn a salary, then I am sorry – you have misunderstood me.

You **WILL** earn money yes, and good money too, but you will run your own Independent Dealership and will build you own asset base.

An “asset” (in this sense) is something that you can sell one day and retire if you like OR leave to your children to let them grow it into whatever they want.

However, it will be entirely your choice to use your dealership to supplement your current salary or to incorporate it into your existing business (if you already have your own business) or to replace your current income with your new Dealership.

Lastly, it will be totally up to you to run this on a part-time or full-time basis.

I will show you how to do both.

Attached to this letter is the *Application Form* I need you to send to me TODAY.

Please do it now!

I will send you an email within 2 or 3 hours to confirm receipt of your application. In this way you will know that you are in. Our team will get the ball rolling immediately.

I look forward to welcoming you onboard - it is going to be a wonderful journey!

Yours Sincerely

For: The SA-Chamber of Entrepreneurs.
