

# MONEY IN BUCKETS!

**"HOW TO TURN *R1* INTO *R1000* IN ONE HOUR!"**

We are about to give you a *special agency license* so that you can buy *pre-made* video [TV TYPE] commercials at **R1 [One Rand]** each, and then edit and brand them for companies with their own specifications. When you done, you simply invoice those companies for R1000 [or more], earning you a cool R999 for every video commercial you deliver.

This is not a joke – this is the real thing - so read carefully.

Only a few people in South Africa will ever-own one of these special agency licenses. It is available on invitation only.

This letter is your invitation and TODAY is your chance to secure one of those licenses before they are all gone.

## INTRODUCING...

We at the South African Chamber of Entrepreneurs [SACE] are proud and excited to

introduce the **CM Video Commercial Agency Licenses:**

This is your chance for a new business and to make money by entering the online Video Commercial Industry without any prior experience, without any skills and without a wallet the size of a house.

The best news is, it is much easier to do, than what you may think.

# IT'S YOUR OWN BUSINESS

With one of these licenses you will run your own independent agency. This is not a franchise. There is no monthly fees or royalties to be paid.

You are the boss, you make the rules – that is why you earn 100%.

You can compare a *Video Commercial Agency* to any type of professional practice that sell high ticket services, for example an Advertising Company or Media Broker.

You buy low, you add value, and you sell high. That is the *short-an-sweet* version of the game. In fact, it is a game that almost all businesses play. Most of them “buy” labor [salaries] cheap, add value, and sell at higher prices [think accountants, lawyers, etc].

Every single business on this planet needs exposure, they need marketing to drive their message to consumers, they need advertising to brand their products and they need to do it all the time.

Today short VIDEO COMMERCIALS is the most effective way to achieve this goal. Here is why.

## JOIN A FANTASTIC INDUSTRY

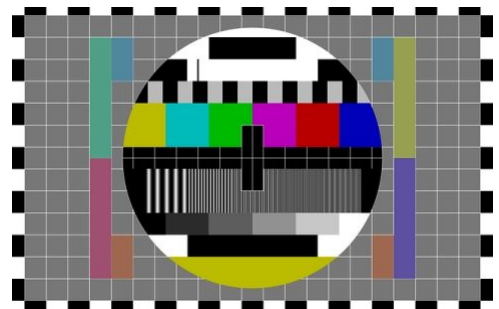

Things have changed in the business world “*since the good old days*”. TV ads use to be fun to watch - not anymore. 65% of younger people don't watch TV anymore.

Today TV is “small” compare to YouTube. 3 Billion people use the Internet daily. These people spend 500 million hours watching videos on YouTube alone every single day.

Business owners know this. They also understand that soon online videos will make up more than 80% of all Internet traffic. Latest statistics proof that a one-minute video is worth 1.8 million words.

**Business owners get it!** They know that for their businesses to survive in the 21<sup>st</sup> century, more online video exposure is key to their marketing plans. [i.e 80% should be video]

Smart companies also understand that one or two video commercials are not going to cut it. It is a drop in the ocean. They need 100's or even 1000's of video commercials to drive there message to customers and make them leaders in their field.

Videos go viral and the right video at the right time is as powerful as dynamite.

We see it every day. You've seen it on WhatsApp, you see it on YouTube and you see it on the Internet on a daily basis. Ask yourself this question:- did you share a video with a friend today from your phone?

Today is YOUR chance to claim your share of this growing industry while it is still in its baby shoes.

The **Video Commercial License** you can grab today is a once in a lifetime opportunity to make your mark and claim your share of this multi billion U\$ Dollar industry.

You will make money right from the start. In fact, you can earn R1000 in your first hour. Imagine that! What other business can give you a secure cash income every day, every week and every month SO quickly!

You will get everything you need to start immediately, but there is a small warning.

Don't get greedy.

Yes there is a lot of money on the table - ready for you to simply pick it up... but decide THIS first. Are you in this business for the long run or for a quick buck?

It is your choice. Quick is easy – you can make a couple of thousand before the end of the week - most people can... BUT if you are in this business for the long run then we suggest you do what smart entrepreneurs do. Start small BUT think big. Learning the ropes is key here.

But don't worry – we will show you the way. The video training that you will receive will show you step-by-step what to do and exactly how to do it.

It is not rocket science; if you can work a smart-phone you will probably be able to manage fine.

On the next few pages we will answer some questions about this business and how your **Video Commercial License** will open new doors for your for a bright financial future.

## The Video Hub

The Video Hub is a private and secure online platform where license holders (like you) can login and download the videos that are in the library of the **CM Video Commercial Agency**.

There are currently 137 videos in the master collection library, and you will get access to them all.

More video commercials were added last week and even more videos will be added soon to grow this standard collection.

Only **CM Video Commercial** license holders [that means you if you take up this offer] can buy them at a price of R1 [One Rand] each. THIS is how you turn R1 into R1000 or more because you can edit and brand ONE video in many different ways, for more than one company or client.

You will learn how to do this soon; and with your new knowledge and **Video Commercial Agency** license, you will be on your way to grow your business and brand.

# Make no mistake, this is a BIG opportunity.

### RE-CAP: THINK ABOUT IT FOR A SECOND:

- You will get a special license to open your own **Video Commercial Agency** where you can buy video commercials for R1 each, edit and brand them [it will take you about one hour] and then deliver each video to its new owner for R1000 each. 100% of this goes directly into your pocket.
- This license will further give you access to a video commercial “starter pack” library. This is a huge 137 video collection of Unbranded, White Label video commercials that you can customize [edit and brand] immediately and earn within hours.
- You will get all the training and guidance you need to succeed and much more!

**PLUS:** As a very special BONUS, you will receive a *never-released-before* DVD course with the title: “How to PLAN your business for success” - The secrets of how to write a blueprint business plan.

One of the things that you will learn quickly as a business owner is that it is easier to make money and increase your profits if you have a roadmap that shows you exactly what to do, when to do it and how to do it.

This special dvd course is going to show you step-by-step how to design your own roadmap to success. Everyone’s roadmap is different – with THIS course – yours are going to be the BEST...by far!

## There You Have It....

The business of your dreams is in your reach. All that is left for me to tell you now is how much this license and business package is going to cost you.

Let me make it easy for you. If we were to sell this license on the open market, it would cost around R7 500 per license.

This will be without this huge library of 137 white label video commercials that you will automatically receive from day one.

AND don’t forget it is also without the benefit that you will have access to more video commercials from the VIDEO HUB, at R1 each.

So I think it would be fair to say that this type of license and the benefits you will receive today can easily be valued at around R12 000 or more.

But today, because you are a friend of the SA Chamber of Entrepreneurs[SACE], you will not be paying R7500 or R12 000 - not even close.

**No**, as a friend, you can secure your own license today for only: **R695**

This is a one-off payment AND it also includes the 137 video commercials already in the Video Hub Library.

You will not be required to pay any additional fees for the videos already in the library OR any monthly fees or any extra costs what so ever.

**Wow!** It’s brilliant!

## Please accept this offer today.

But I need to remind you that only a limited number of licenses will be issued. Once all the slots are filled, this offer is gone and you will NEVER see it again.

That is why you need to act right now. We would hate to see that you miss this.

All you have to do is complete the application form that you will see on the next page and send it to us. Do it right now.

We will take care of the rest and we will get the ball rolling immediately. Your license will be issued within 48 hours.
