

Today YOU have the opportunity to take your life to the next level but without spending years doing so...

**You are about to receive the **BIGGEST GIFT** money can buy AND discover how to skip **R38 000 – R58 000** in investment costs, save a year's hard work, and still become the **CEO** of your **Own Business** by say,...next week Friday.**

Dear fellow entrepreneur,

If you are serious about starting or running a successful business and making money then study this report carefully. What you are about to see is a once-in-a-lifetime opportunity.

**It all started in September 2003.**

A friend gave me a book to read. Maybe you have read it too – it was called: - ***The Purple Cow*** by Seth Godin.

Seth Godin is a bestselling author, brilliant entrepreneur, and he is world famous for his theories on *Permission Marketing*.

For months I studied his principal of *Permission Marketing and Tribe Building Techniques* in great detail. In fact, I did it to such an extent that I started to write about it. Soon I joined discussion forums with business leaders and entrepreneurs around the world.

In short: - The message in Purple Cow (and the other 17 books from Seth Godin) is to teach the entrepreneur to use a system called ***Permission Marketing*** and to start doing it by ***building a "Tribe"***.

So, in 2004 I started to test these new theories in practice. I immediately knew that it was the beginning of a new and exciting business venture and career for me.

It was magical - today, years later I can tell you I am a very lucky and rich man. The *theories* are true and work perfectly.

They are absolute spot-on and brilliant! Looking back, compared to 2003, I am much wiser, a little older, and a lot richer.

But the important thing is this – in the last 12+ years I only worked for myself, on my terms and on my time schedules. I am truly and honestly my own boss – not like it was with any of my previous businesses where it sometimes felt overwhelming, pushing for deadlines, and somehow still feeling as though I was working for someone; maybe the shareholders, the investors, the clients, the staff, the bank managers, etc. I don't know, this time around it was different.

I also know that it would never have been possible for me to build 5 different new businesses in the last 12 years without FIRST building TRIBES. Yes, I still have partners and a few people who work for me and help me, but mostly, I help others.

**Hi** my name is Frank Tucker from Turner-Tucker.com.

Like you, I am a businessman and entrepreneur. Today I want to help you. If you do what I recommend, you will make money the easy way, starting right now!

I recently teamed up with the South-African Chamber of Entrepreneurs (SACE) and a few other organisations here in South Africa to give you a business opportunity unparalleled to anything you have ever seen before.

I know of no other company or person that can make the promises I am about to make to you.

## Here it is...

TODAY you have the chance to buy, for a very small price, your own **B2B Online Tribe Building System** here in South Africa. I am going to give it to you *lock-stock-and-barrel* AND then I am going to give you a **VC Business Dealership** absolutely FREE!

In a second I will explain EXACTLY what this means.

### But first: -

You need to know that a **B2B Tribe** refers to a **Business-2-Business** “Tribe”, where the “Tribe Leader” is you and where you are in charge.

[You basically get two types of tribes. A **B2C** Tribe (**B**usiness-**2**-**C**ustomer) and a **B2B** (**B**usiness-**to**- **B**usiness) Tribe]

The **ULTIMATE first prize** for any serious entrepreneurs is to own a **B2B Tribe** because, in general, a **B2B Tribe** is much more profitable than any other tribe – up to 750% more profitable in many cases.

When you have a **B2B Tribe** of which **YOU** are the *sole owner* and manager (tribe leader) you open amazing new doors to financial freedom for yourself.

To help you understand this concept a little better, let me give you a few of my personal reasons why I have tribes and why I still continue to build my own **B2B** Tribes everyday, even though I only work a few hours a week. [Yes, I have more than one Tribe, at least one for each of my businesses.]

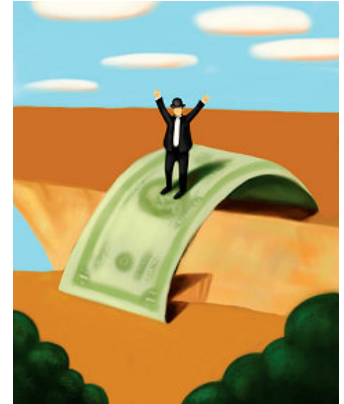

- As a Business Coach, I have an “*EXCO-Tribe*” (*that is just my name for it*) and this B2B Tribe consists of 100’s of high profile business contacts, mainly Project Managers, CEOs, Accountants, HR Managers, small and big company Shareholders, etc. This tribe is one of the *secrets to my success* as a Business Coach. By having this contact list (B2B-Tribe) I always have work, I always have clients, and I always have money. These are the people who phone my office every day to ask for my services and pay me a lot of money for it.
- I am also a partner and shareholder in a private consulting and IT firm. By having a B2B Tribe of private companies and company owners (who needs our services now and who will need our services in the future) we separate ourselves from our competitors. Because I have this “Private Company B2B Tribe”

of more than 1000 members we don't need to do much marketing anymore. All we do is use our systems to show our *tribe members* from time to time the services we think can help them. When the time is right, and they need us, they phone us first, leaving our competition far behind. Without our *Private Company B2B Tribe* this would have never been possible.

- I am also a Trainer and Motivational speaker, especially to corporate sales teams. Having a B2B Tribe of companies with national sales teams is vital to my success. Without this tribe I will not be able to charge R50 000 - R100 000 for motivational courses and sales training. This tribe not only consists of professional individuals around the world but high profile sales managers who frequently invite me to give talks at events. I only do this a few times a year but it helps me to promote my other services and it helps me to build my other tribes.

Okay, I think you get the idea. Now that you have seen some of my personal reasons why I build *TRIBE'S*, what about you? If I give you your own Tribe tomorrow, can you see how easy it will be to succeed in any business?

In short then, my B2B Tribes make running my own businesses easy and it makes making money even easier. A little later in this letter I will share another real-life example with you about how ONE Tribe Leader made 100's of thousands in a single week.

## **But this is not about me - it is about you.**

That brings me to the offer I have on the table for you today.

To build a **B2B Tribe** takes a very long time if you do it on your own, and it is very hard work. But there is a way to do it quickly and easily – all you need to do is invest in a **B2B Tribe Building System**.

This is EXACTLY what I am going to give you.

Many big corporate companies already use these principles today and they make billions every year. If I could mention a few names, you would know exactly who I am talking about.

I am not going to do that today because today, for the first time ever, you can have your own **B2B Tribe Building System**, and I am going to give it to you.

In a few moments I am going to show you exactly what I mean and I will show you an example of this **B2B Tribe Building System**.

However, before I do that you need to know that, in essence, a **B2B Tribe Building System** is a place on the Internet that allows all business owners in the country to list their businesses on the World Wide Web, for everyone to see in a special way. It is also called a **Business Directory Platform** and you may have seen some of them before.

By doing this (creating a Business Directory Platform for a local area) business owners (especially smaller businesses) get specific online exposure that is critical to their success. (I will explain this principle a little later in more detail.)

In summary then – I am first going to give you your OWN **Business Directory Platform**, then I will register it in YOUR name, show you exactly how everything works, and then I will show you how to manage it and use it to start building your own **B2B Tribe**.

It is absolutely brilliant and you can look at an example of what I am talking about here:

[www.Pikr.co.za](http://www.Pikr.co.za)

This website (**Pikr.co.za**) is only a DEMO site, but on it you will see that local businesses can list and advertise their products and services on the site for Free, or for an Annual or Monthly fee. It is called the Silver (Free), Gold (Annual) or Platinum (Monthly) options.

That means that every business owner that wants to make use of the services on **Pikr** (to promote their local businesses online - free or paid), will automatically become a “Tribe Member” of **Pikr**.

So, imagine you were the owner of **Pikr.co.za**. If you were then it means that every business owner that list their business on **Pikr**, becomes YOUR tribe member. Thus, **Pikr** is the “tool” that you will use to build your own tribe. [In other words, **Pikr** is your **B2B Tribe Building System**.]

This is a lot of information, so let’s just pause here for a second. Can you remember what I said earlier, why we, as entrepreneurs, need to build a tribe? Yes, because of the services we can offer to our *Tribe* once we have a group of people who will listen to us (Tribe Members). When we have the “**eyes & ears**” of decision-makers and buyers on us, we can ask them to BUY our services. Does this make sense? Listen – THIS is HOW entrepreneurs make money – at it is called; *Permission Marketing*.

## Let me give you real life example of how this works.

The Background – We have all seen this. It doesn’t matter in what city or small town you currently live in. The chances are 99% that you have a private community newspaper that is either free or only costs a few cents. You can buy it from your local café or petrol station on Fridays. Inside the newspaper is a *community* of businesses, mostly local businesses, who advertise their products or services to the readers.

These business owners not only pay good money for the advertising space, but they also help the owner of the paper to sell more newspapers on Fridays. This is because many readers buy the newspapers to see the “specials deals” most of these advertisers offer over the coming weekend.

**Now**, these business advertisers are the local newspaper owner’s **B2B-TRIBE members**. He has contact with them regularly and it is easy for the newspaper owner to contact his “*tribe-members*” to offer them new deals or OTHER services or products.

This brings me to my story and what happened the other day in a *not so small* town.

In short; an out-of-town International Attorney Firm, who mainly deals in the global registration of “PATENTS” arranged a special workshop for local business owners in the town hall. They asked the newspaper owner to help them sell seats for the workshop.

The idea of the workshop was to show the local business owners how to register their own little inventions as a PATENT locally and internationally and use THEM as attorneys. The workshop cost R1000 per person.

The Attorney Firm offered the newspaper owner a R750 commission for ever person who booked a seat for the workshop. The attorneys did this because they tried to get people into the workshop before but they failed every time. They even placed adverts in the same local newspaper, but eventually, they realized why they failed. They failed because they were strangers to the businessmen and women of the town.

To make a long story short, the newspaper owner agreed to help in exchange for the commission and contacted his **TRIBE members** (advertisers) on the Monday morning. By Wednesday he already had 398 seats sold – by Friday he was sold out at 450 seats. The Town Hall was packed to the brim when the Attorney Firm started the workshop at 7:30 with a breakfast the next Monday morning.

Everyone was happy and our newspaperman (the Tribe-Leader) earned his R337 500 in commission cash for a few days' work.

I am sure you will agree that he would have never been able to do this without his B2B Tribe.

## **Would you like to have your own B2B Tribe like this?**

Of course you do and in a minute I am going to give it to you.

One last point before I move on.

Many years ago I learned a very important and valuable lesson in business. In fact, I still learn many lessons everyday, but here is the one I want to share with you right now.

*It doesn't matter how good, smart, nice, cheap, or cool your products or services are. If nobody buys them or if you can't sell them, you are **dead** in the water. You will suffer and stay poor until you learn the skill to build a tribe, and if you don't, you will eventually give up and lose your dreams and everything else too.*

You can trust me on this. I know what I am talking about. Too many businesses fail, not because of bad products (in most cases the products are excellent), but because the owner never learned the skill to **Build a Tribe**. Once you have a Tribe of your own, and you are the Tribe Leader, selling comes easy. Without a TRIBE it is very, very hard indeed.

So, right here, right now I am offering you a system where you can FIRST build your own B2B Tribe and THEN when you are ready I will help you to make a fortune with it.

## **Here is the offer that is on the table today.**

I am going to give you, within the next few days, your own proper, fully functional, 100% legitimate **Business Directory Platform** that looks and works exactly the same as the **Pikr.co.za** DEMO website you have already seen earlier.

I am going to send you this business and the keys to unlock it and all the training you will need to make money from it for the next 45-days, at my risk and expense, with no obligation on your part to pay for it.

**Y**es, that is right, you can actually make money from it, spend the money you have earned if you like, without risking a single cent.

All you have to do is give me permission to get the ball rolling, pay the small fee I charge, and I will deliver your business to you in a few days from now.

If you, after the 45-days testing phase, have not managed to build at least a “baby” Tribe of 50+ businesses, and you don't want to continue, I will take your **Business Directory Platform** back, refund all the money you have already paid to me and you will owe me nothing. All I ask is that you follow my easy instructions.

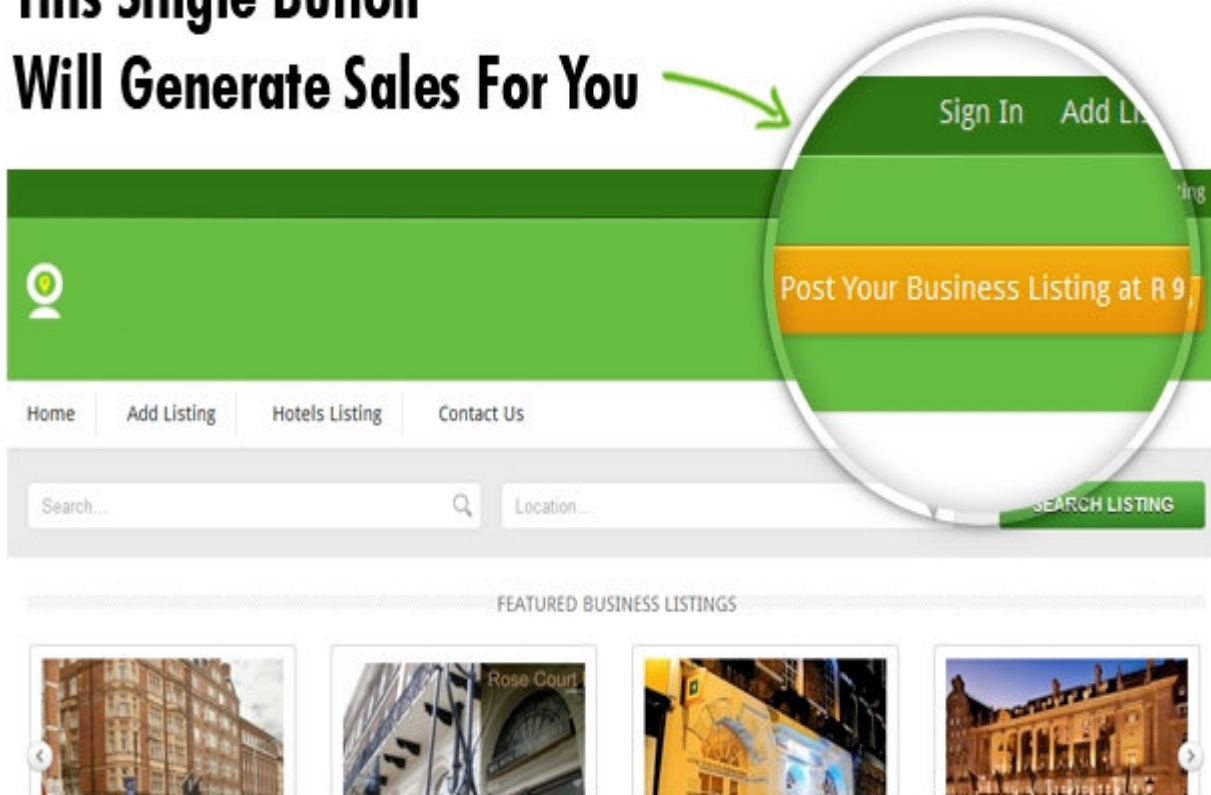

Let me be perfectly clear. You do not take any risk here. I will take all the risks. All you have to do is Test Drive this business for the next 45-days to start building your OWN Tribe and then, when you are ready (**On Day 46**), I will give you your own **VC Business Dealership** 100% free. Do this for me and together we will take your business to the next level. You are going to love it!

## Why am I doing this and why am I taking all the risks?

Let me explain. This business is absolutely the BEST opportunity I have ever offered to anyone in my ENTIRE life, and remember, I have been around for a long time – so I should know.

Please allow me a minute to show you how great this **B2B Tribe Building System** is. Below is a snapshot example of the **Business Directory Platform** you will receive soon.

## This Single Button Will Generate Sales For You

Look closely. The best part is that you can start making money even before you have a TRIBE! This **Business Directory Platform** comes complete with an online payment system.

All you have to do is make a few clicks with your mouse and the money that this platform generates will go directly into your OWN bank account. You can draw the money in cash at any ATM within minutes.

But this is only the start. As soon as you build your Tribe, you will be able to enjoy the dozens of other income streams waiting for you.

Here is the first 3...

## Business Listing Payment System

The image shows three overlapping screenshots of a web-based payment system interface. The top-most screenshot is titled "Price Package Title" and contains a text input field with "Recurring Listing Payment". Below it is a section titled "Description of the price package" with a text area containing the text: "Small recurring charge for placing your listing. You can feature the listing on Homepage or Category Page. You will receive leads in your Dashboard. No Listing expiry till you have active subscription." Below this are fields for "First Price" (36), "First Period" (1 Months), "Rebill Times" (Rebill Second Price until cancelled), and "Second Price" (4). The middle screenshot is titled "Select Package" and shows three radio button options: "Free Business Listing" (selected), "One Time Listing", and "Recurring Listing". The bottom-most screenshot is titled "Price Package Title" and shows a text input field with "Free Business Listing".

This **Business Platform** also allows you to earn Recurring Income immediately. That means it is like a salary. You will get paid every single month. Everything is already set up – all you have to do is decide how much money you want per month and in which bank account you want your money to be deposited.

Look, there is no question in my mind that you are a bright and intelligent person. That is why I wrote this letter to you in the first place. Obviously, this offer is not for everyone – it is on invitation only.

But, because you are already a client there should be a little mutual trust between us, right?

I hope so because I want you to trust me when I say it is virtually impossible for me to try and explain every little detail about this business here. It is just too smart and too brilliant to appreciate if you don't see it in action, and try it out yourself.

So, I simply cannot explain everything here and that is why I want you to Test Drive this business first on my risk and expense, not yours.

For me, I believe, the risk is virtually ZERO because I already know that this is a brilliant offer and a GREAT business for any entrepreneur who is serious about being successful. I know this and I also know that you are going to love it and keep it and make money with it.

Why else would I make such a deal? But if you are still not 100% convinced, look at this.

This **Business Directory Platform** is totally “responsive”. This means it can be viewed on any mobile device form anywhere in the world. This is something many big corporate companies wish they could do with their own Directory Platforms, but they can’t. They can’t fix it because they use old technology - they will have to start from scratch. But what you see here below, and what you will receive is a system that was built with the latest, the smartest, and the best technology money can buy.

Unique **Responsive slider** which works on any **Mobile or Tablet** device.

**Y**es, it is absolutely the BEST opportunity on the planet right now... but you don’t have to take my word for it. And you don’t have to take the word of the thousands of businessmen and women, who know this industry, who know these systems, and who have already used them to make a fortune for themselves.

No, don’t take their word for it either. Let me rather *LEND* this business to you for the next 45-days, 100% risk free, so that you can test it, and see for yourself how brilliant and amazing it is.

I have absolutely not a single doubt in my mind, not even for a second, that you will, from day one, start building a business asset for yourself that will be beyond your wildest dreams.

## But there is more....

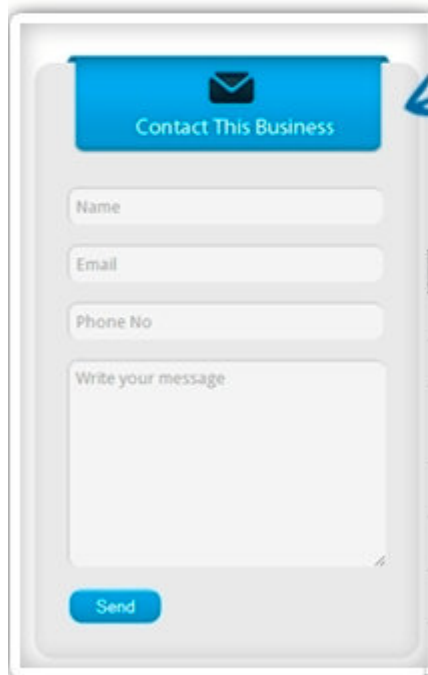

This **Business Platform** is YOUR key to a brilliant financial future.

This is the start of your journey to build your own B2B Tribe quickly and easily and at the same time become a business coach (just like me) to help your tribe members to build their own businesses faster and easier than ever before.

Look at this. Your tribe members will be able to use YOUR system to build *their own* tribes as well, and the best part is – they are going to pay you for it.

I can guarantee you this. Nothing is left to chance. EVERYTHING will be done for you. Your **Business Platform** (website) will be 100% online and 100% hosted when you receive it from me.

The only difference between the DEMO site you already saw (at **Pikr.co.za**) and your new site will be the domain name. YOU will also have the opportunity to choose your own domain name.

But don't worry, I will help you with that too, even before our developers start working on the delivery of your new business to you.

## Let's Re-cap then...**HERE IS WHAT YOU WILL GET!**

- You will get your own ONLINE Directory Listing Website [B2B Tribe Building System], exactly like the one you have seen at **PIKR.co.za**. PLUS
- You will get all the video training to manage your new Directory Listing Website yourself.
- Yes, you will make money for your Directory Listing Website immediately,
- And, your bigger goal will be to build a B2B business TRIBE so that you create a TRUE ASSET over the longer term. THIS asset will allow you to build a HUGE “*Independent Servicing*” business and Dealership for yourself. [That is also why I am going to GIVE you your Own Dealership]

I will do everything for you before delivery and will give you the *keys* to your new business. All you have to do is unlock the door.

It is really and truly that wonderful! **AND this brings me to my last point.**

During your 45-day test phase, if you find this business to be everything I say it will be (and you will be the sole judge), how much would you be prepared to pay for it? Think about it for a second before you answer.

R400 000, R500 000, or R600 000? That is what a small one-man operation business, office, or franchise costs these days, and if you buy a franchise, you will still have huge expenses and you will still be working for someone else. You will not even build your own TRIBE or build your own BRAND or even build your own ASSETS.

What if I give you all this and MUCH more? Certainly, if I can give you a proper business that will give you fame and fortune and make your dreams come true, just as I have promised in this letter, it will be worth the above investment don't you think?

Well, if you decide to keep the business, you don't have to send me R400 000 or even R600 000. Not even close.

The normal price of this business, the keys to unlock it, and all the training that goes with it, all of which is included in this package, is between R38 000 and R58 000. BUT, I am not even going to ask you to pay this.

On this special limited offer, and only if you quote the reference number at the bottom of this letter, you will get this business at a HUGE discount. That means, today you only have to pay a once-off fee of **R7 800** plus the normal tiny R125 per month service and hosting fee.

**BUT as I promised before, I have a BONUS for you...**

**O**n day 46, when this business finally gets registered in YOUR name, I will give you your OWN **VC Business Dealership** 100% FREE. (Video **C**ommercial Dealership)

This **VC Business Dealership** will give you access to an entire range of products and services to help you help your B2B Tribe members.

Let's just pause here again for a second. I just want to make sure you know this; have I told you what the **secret of earning money** is yet?

Here it is. You can only earn money by helping others - and THAT is exactly what this dealership is about and what it will do for you. It will give you access to brilliant Products, Tools and Services to help you help your Tribe members. And when you help them, you will earn HUGE commissions.

I know you probably have more questions about this dealership and I would love to answer all of them for you today, but unfortunately, I can't do it here.

Some business secrets are for dealers and TRIBE LEADERS only. I need you to trust me on this - it is to protect you and all the other dealerships.

Remember that this offer is not open to the general public, it is on invitation only and I simply don't want to share certain secrets here.

You will see everything soon – I promise you that, and then you will understand why I need to protect this information.

But please let me answer one last question you may have - and I know it is an important question.

## **How much money can you make with your dealership?**

Well, it is up to you. We do know that a typical ***VC Business Dealership*** with a good Tribe should earn from as little as R20 000 per month to as much as R75 000 a month, and some should earn even more (a lot more!) on a full time basis.

If you do it part time, and we recommend that you do, at least for your first few months, you will probably earn a little less, which is understandable.

But once you experience this business in action, you will have total control over your own income and destiny. We will never ask you to buy any stock, make any debt, or push you to deliver any services. This is not what this ***VC Business Dealership*** is about.

We will give this dealership to you 100% FREE with absolutely no obligation on your part. We will never ask you to pay any money for it and we will never make any demands to you of any kind.

Look, we are all grownups here. I trust you 110% and all I ask is that you give this business a fair Test Drive for the next 45-days.

After that, on day 46, I will introduce you to a *New World* you have probably never seen before. It is a world where Financial Freedom comes easy. It is a world you will love. Can we agree on that?

Good, thank you. Before I close this letter and ask you to send me the enclosed *Application Form* I want to be sure of something.

Do you realise that soon you are going to be a "Tribe Leader" and the CEO of your own business? You will be the *owner* of your own future, the leader of your own Tribe, and you will be admired by all. You will be in control and you will be the boss. And yes, obviously, you are going to make a lot of money. If you understand this, we are on the same page.

But if you think, after you have read this letter, that this is a job offer and that you are going to work for me and earn a salary, then I am sorry – you have misunderstood me.

You WILL earn money, yes, and good money too, but you will run your own independent ***VC Business Dealership*** and will build your own tribe.

However, it will be entirely your choice to use your dealership to supplement your current salary or to incorporate it into your existing business (if you already have your own business) or to replace your current income with your New B ***VC Business Dealership***.

And, it will be totally up to you to run this on a part-time or full-time basis. I will show you how to do both.

There you have it, an opportunity I am sure that will change your life without you taking any risks or even risking a cent.

**W**ow, just think about it for a second. What other company or person will allow you to Test Drive the business of your dreams, make money from it, stick the money in your pocket, and then take the business back if you don't like it anymore and refund you 100% of your investment.

That is how sure and confident I am that you will LOVE this business during your 45-day "trial" period, and that you will make more money from it than you ever thought possible.

Attached to this letter is the *Application Form* I need you to send to me TODAY. Please do it now!

I will send you an email within 2 hours to confirm receipt of your application. In this way you will know that you are in. I will get the ball rolling immediately.

I look forward to welcoming you onboard - it is going to be a wonderful journey!

Yours Sincerely

Frank Tucker
