[It's the story of how a brand new income stream just opened up in South Africa – for those that wants to earn a *weekly salary* from it]

What I am about to share with you is 100% true – I was there. I saw it with my own eyes.

Here's the story:

Four business executives attended a workshop with a dozen other entrepreneurs at the V&A Waterfront in Cape Town a few months ago.

The purpose of this *get-together* was to share business ideas and to find effective ways to help one-man-businesses plus small- to medium-size companies LINK their products and services to new exciting markets, locally AND Internationally.

Many options were put forward and debated for hours. But 1½ days later, not a single workable solution was offered. No solutions - No progress - No deals.

Oh well... the chairman said, *that's that*, and everyone went home... everyone except our four friends.

It was early afternoon, and they went for lunch to continue their discussion, still trying to find solutions.

Our group became louder and louder as they threw ideas back and forth without much success.

In the Corner of the Restaurant Sat a Guy Who Overheard the Entire Conversation.

His name was Morris, a systems engineer, and he was on his way back to Seattle, where he worked for a Silicon Valley company in the US.

Morris got up from his table, walked over to the 4 loudmouths, and said only 5 words. "*Why Don't You Use SKY-LINKERS.*"

None of us at the table knew what *SKY-LINKERS* was or what it even meant. In less than 3 minutes, Morris explained to us exactly what SKY-LINKING is. We were stunned. “*This is so simple and easy, it might just work,*” we said.

BOOM – and it did work – like magic! We all agreed - it was a brilliant solution; simple, slick, easy to implement, and it cost nothing, except time. Time for those who needed to implement it. Later that afternoon, in a noisy Cape Town restaurant, the idea of SKY-LINKERS in South Africa was born.

Right now, today, YOU have the opportunity to become a SKY-LINKER and earn a steady, and handsome income from it. Let me show you how...

You Have Two Options:

Option One: The **Easy-Does-It** Option. [Take it slowly, don't make it over-hard, steady and calm will bring home the bacon].

Option Two: The **Go-For-Broke** Option. [Aim for a R5000 p/week pay-cheque and give it all you got!]

Morris told us, when they opened the door for SKY-LINKERS, something interesting happened.

The SKY-LINKERS, on average, earned R5000 every single Friday, every single week, every single month, paid directly into their bank accounts – automatically. Granted, these were people with experience, and they quickly learned how to “*rock the boat.*”

In fact, usually, if the SKY-LINKERS didn't say STOP, the money just kept rolling into their bank accounts - every single Friday, week after week after week after week.

The other thing about “option two” SKY-LINKERS was that their clients were mostly small-to medium-size businesses that stand in line for their services.

Are You Ready to Make Your Choice?

I hope you are as excited as we are to welcome you onboard. We want you to be a SKY-LINKER next week. But I want to be clear on something: This is not a multi-level marketing scheme – nor is it a *money-for-nothing* type business. This is a REAL business. You will have to work for your money - at least one hour per week per local business, especially if you go for option two.

- You can work from home.
- Your overheads are basically nothing.
- You don't need any special equipment.
- You don't need any special skills.
- We will show you exactly what to do, step-by-step.
- In fact, we have already done most of the work for you.
- You need a license from us to be a SKY-LINKER, and you can apply today.

In A Nutshell:

Licenses will be limited and issued individually around the country. These are “licenses without hard borders.” This means, as a SKY-LINKER, you will be able to do business anywhere in the country. However, our experience showed us that SKY-LINKERS who concentrate in a specific area make the most money. This is the smartest and easiest way to build trust with fellow entrepreneurs and local business owners.

My Recommendation: If you stay in Pretoria North, for example, your agency name should be something like: SKY-LINKER: Pretoria North, or SKY-LINKER: Pretoria East, if you are in the east. Don't worry – we will help every step of the way.

The Golden Word Is: “PROFIT”

Entrepreneurs, sales people, business consultants, CEO's, small business owners, etc. all understand the concept of “profit”. If you say

YES today, we will show you exactly how to help them make more and how to get paid by them for your time and service.

Understand This: SKY-LINKING is something most local business owners cannot do by themselves.

They need a SKY-LINKER like you to help them. The good news is, they understand the value, and they pay handsomely for the services of a SKY-LINKER.

The going rate differs, but for A¹ services, the norm is about R500 per week per business. This is for one business for one-hour of work per week on that business.

For the option two SKY-LINKER, his or her goals are easy.

To increase your pay-cheque from R500 per week to R5000 per week, you will need to be the SKY-LINKER for at least 9 more local businesses in your area. This means you will have to work 10-hours a week for two-hours per day.

If you have more time on your hands, you can easily be a SKY-LINKER for 20 or maybe even 30 businesses in your area. Thirty businesses will give you a cool R15 000 per week. THAT is R60 000 per month.

It's okay- don't worry: It doesn't matter what these businesses do or how big or small they are - and it doesn't matter what they produce, promote, or sell. 99% of them will need your help. They already know they need a SKY-LINKER to help them - and they know they need help urgently. THAT is why you need to read the next few paragraphs carefully.

With a SKY-LINKER license, YOU have the *holy grail* in your hands – all you need to do is get the business owners to agree to your terms and conditions, and you are on your way to success. You will see - within a few weeks - their friends will start phoning you to help them too. It happens all the time, and that is how R500 grows into R5000.

Your Invitation

This is a Joint Venture project between the SA Chamber of Entrepreneurs [SACE] and Boulevard Academy [sa-chamber.co.za & boulevardacademy.co.za]. So, you can be assured that you will always get the support you need.

I officially invite you today to START your own *SKY-LINKER Home Based Business*. With our help, you can build a very nice business in a very short time.

You may know this, but helping others and seeing them succeed is an extremely rewarding experience. I want you to experience this **thrill of success**, and when you say YES to this invitation today, you WILL get that experience, day in and day out.

Do this now and I can guarantee the financial rewards are here – waiting for you. All you have to do is follow the easy steps required from a SKY-LINKER.

Earlier in this invitation, I showed you how SKY-LINKERS earn R5000 every Friday, and trust me, it is not that hard to do.

BUT as I said, you will need to work for it. It is not going to fall in your lap if you do nothing.

Get Ready: Start to prepare yourself to implement Steps 1 and 2 within the first 48-hours. We call this the birth-phase of your business.

Relax. It may sound scary, but we will hold your hand during this birth-phase process.

You will not fail. If something goes wrong, we will catch you. That is a promise!

Here is a little more information about this easy program that you will need to follow to earn R5000 per week as I explained earlier.

Before I start, I want to be clear on this: In this business, you are your own boss. No one is going to look over your shoulders. You can work totally flexible hours - it is between you and the business owners you serve. You can play golf when you want, go on vacations whenever you like, and generally just have a good time.

It doesn't matter where you stay, what qualifications or experience you have. What will be required from you is not difficult. We will show you exactly how to be the best SKY-LINKER you can be.

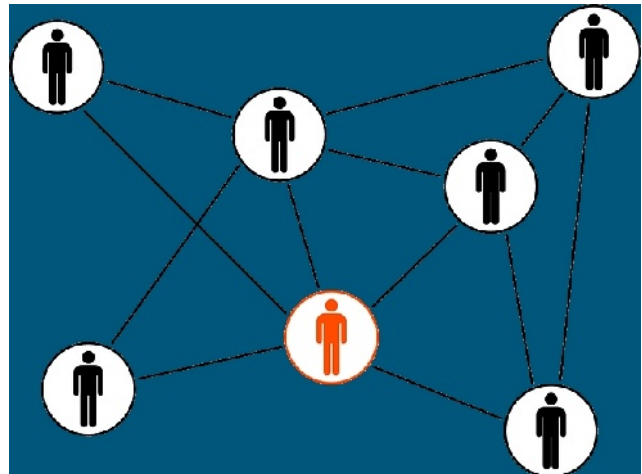

You will be able to do this full time later, but for now, my recommendation is that you start part-time. Here is the reason I say this, and it is important:

I Wish I Could Tell You More...

Know This: The way this business makes money for you is brilliant, easy, and simple.

In fact, when you receive everything and look at it, within minutes, you will understand exactly why we can't publish all the secrets here.

Like us, you will want to keep some of the secrets for yourself. That's natural. That is how it should be. Ask successful entrepreneurs and business owners, and they will tell you there are business secrets they always keep for themselves – and will never share.

Soon you will see why. For this reason, and only for this reason, I am sure you understand why I can't share much more with you at this point.

Keeping the secrets of the SKY-LINKER program between us will make your services much more valuable. There is no real competition. No one will be able to come close to the services you will soon provide to business owners in your area.

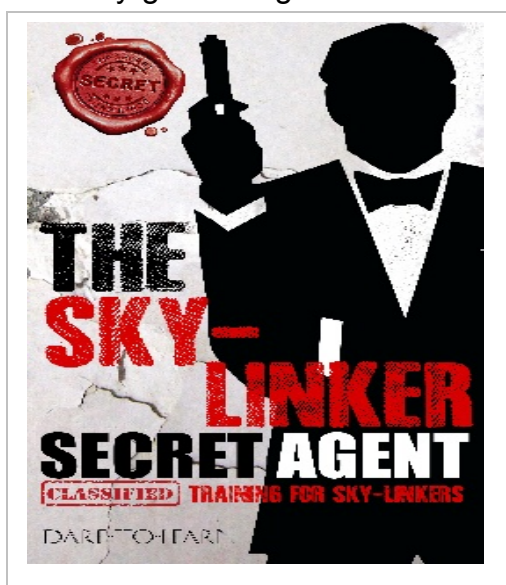

But I want to guarantee you this: If you ever dreamed of starting your own, high-profit, easy to set-up business, then this is your chance to work personally with experts in the field, who will guide you step-by-step towards your own financial freedom.

As soon as we receive your order, I will give you access to all the SKY-LINKER secrets I have promised in this invitation.

You can be certain that this is eye-popping stuff that only a very small handful of individuals currently knows.

If you are ready to come on board and start your own business as a SKY-LINKER, then please do not wait a minute longer. Get your application to us immediately.
